SWIVEL GIMBAL

PRODUCT OVERVIEW

The LED Swivel Gimbal is the blend of style and precision while it is also easy to install. This fixture adds an additional degree of freedom by allowing the light fixture to tilt vertically, this provides even greater control over the direction and angle of the light. It is available in either a sleek black or pristine white finish. It delivers 750 lumens and is 5 CCT selectable.

FEATURES AND SPECIFICATIONS

Electrical Characteristics:

- Input Voltage: 120Vac
- Rated Power: 9W
- Input Current: 205mA
- Triac Base Dimmable

Environment:

- Suitable for damp locations

Operating Temperature:

- -25 to 40°C

IC Rating:

- Type IC

Colour Temperature:

- 5 CCT Selectable (2700K,3000K,3500K,4000K,5000K)

Lumen Output:

- 680lm/700lm/740lm/750lm/760lm

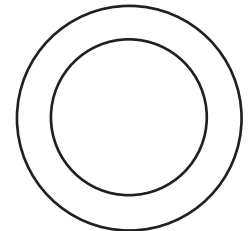

Colour Rendering:

- 80+

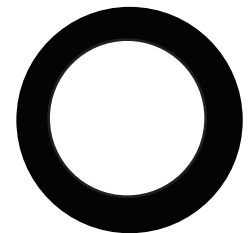

Beam Angle:

- 40°

AVAILABLE IN:

White

Black
