SPECIFICATIONS

TRIM	Powder coat painted or plated die-formed steel. Different finishes available. Painted finishes available with Marine Grade option.
LAMPS (maximum wattage)	PAR20 LED 10W PAR20 35-50W If you want to use the dimming option and you use a PAR20 LED lamp, please refer regularly to the lamp manufacturer compatibility list. The PAR20 LED lamps, although functional with this product, have variable formats, which can result in a reduction of the maximum adjustable angle or in a more or less good hold in the trim.
CEILING CUTOUT	ø 4-1/4" (108 mm)
CERTIFICATION	<ul style="list-style-type: none"> cULus E343977 for damp locations (for PAR20 LED lamps) cULus E174023 for damp locations (for PAR20 halogen lamps)
WARRANTY	1 year for standard finishes, 2 years on "Marine Grade" finishes.

MARINE GRADE

2-year warranty on finish

This option increases the painted finishes resistance by reducing and delaying apparition and propagation of oxidation (ex: rust and others).

MARINE GRADE treatment is recommended for damp to wet locations.

Unless otherwise indicated, trims are for interior use. Also suitable for cold and exterior locations, as in soffits, where fixtures are not subject to direct rain or snow exposure.

WARNING – This option is not suitable for salt environments and/or highly corrosive areas such as soffits in coastal regions and natatoriums. Such usage would void warranty on the product.
