	-05	Architectural Bronze	
	-06	Antique Copper	
	-11	Matte White	
	-12BR	Brushed Nickel	
	-13	Satin Nickel	
	-15	Metallic Grey	

#### **MARINE GRADE**

This option increases the painted finishes resistance by reducing and delaying apparition and propagation of oxidation (ex: rust and others).

MARINE GRADE treatment is recommended for damp to wet locations.

Unless otherwise indicated, trims are for interior use. Also suitable for cold and exterior locations, as in soffits, where fixtures are not subject to direct rain or snow exposure.

WARNING - This option is not suitable for salt environments and/or highly corrosive areas such as soffits in coastal regions and natatoriums. Such usage would void warranty on the product.
