

LED Bypass/Line Voltage T8 Tube Lights: Double-Ended

2200

Features

- Solid state replacement for 2', 3', or 4' T8 linear fluorescent
- Use with shunted (T8) or non-shunted (T12) lamp holders
- Frosted lens for uniform diffuse appearance
- No external ballast or driver required
- Ultra-high performance LEDs deliver 121+ lpw
- Lifetime exceeds 50,000 hrs
- Choice of 3500K, 4000K, or 5000K CCT
- Instant-On with no warm up like fluorescents
- NSF listed for commercial foodservice equipment
- RoHS compliant mercury-free for safer operation

Performance

- 2' 9W LED replaces 17W fluor.
- 3' 12W LED replaces 24W fluor.
- 4' 14W LED replaces 28W fluor.
- 4' 17W LED replaces 32W fluor.
- Long life: 50,000 hours
- 80+ CRI
- Integral 120~277V drivers provide easy installation
- Wide ambient temperature range from -20°C (-4°F) to 45°C (113°F)
- <20% Total Harmonic Distortion

- Contains no mercury or lead; classified as non-hazardous waste
- Power factor: 0.97
- Use with shunted (T8) or nonshunted (T12) lamp holders
- Note: Both pins on each end of lamp must be connected to line voltage. Non-shunted (T12) lamp holders require field-installed jumper wire tying both pins together; see wiring diagram.

Applications

- Commercial
- Conference rooms
- Hospitality
- Education
- Healthcare
- Retail
- Residential

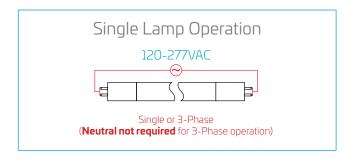

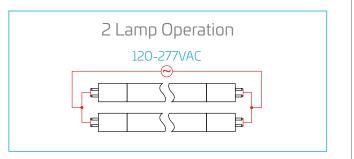

LED Bypass/Line Voltage T8 Tube Lights: Double-Ended

Dimensions/Wiring

2': 24"/609.6mm 3': 36"/914.4mm 4': 48"/1219.2mm

NOTE: both pins on each end of lamp must be connected to line voltage as shown above. If lamp holder is a "non-shunted" (T12) type, it must be shunted (shorted) by external jumper. Most T8 lamp holders are internally shunted and will not require an external jumper.

NOTE: Use order code when ordering. *Special order only. MOQ 500 pcs.

✓ DesignLights Consortium® Qualified

NSF offers the most accepted and trusted certification and verification programs for commercial foodservice equipment, specified by health departments, restaurant buyers and specifiers worldwide. NSF means market access – products with the NSF mark receive guaranteed regulatory acceptance in North America and improved acceptance worldwide. Verification programs, such as HACCP Compliance Verification - EU, demonstrate hygienic quality, independently verified by a trusted source.
