DUPLEX SELF-GROUNDING TAMPER-RESISTANT
RESIDENTIAL GRADE RECEPTACLE

MODEL NO: 61580-TR

DESCRIPTION

Self-grounding tamper-resistant receptacles are made of high-impact resistant polycarbonate thermoplastic for long service life. The shallow body design is for maximum wiring, with backstab or side options. These residential grade receptacles are suitable for use in homes, apartments and condominiums. They are also applicable for commercial use in corporate buildings, hotels, restaurants and locations that only require a 15 amp outlet.

FEATURES

- Optional grounding with self-grounding clip or green terminal screw
- Automatically ground to the metal outlet box
- Break-off tabs for easy two-circuit conversion
- Push-in #14 AWG Cu solid wire for 15A branch circuit only
- Shallow design for maximum wiring room
- Easy-access green hex head grounding screw
- Captive mounting screws
- Removable yoke tabs for ideal alignment
- Large head combination screws for fast wiring
- Terminal screws backed out ready for wiring
- Combination Slot/Phillips head mounting and terminal screws ease installation
