

35W 4ft. LED Linear Strip Retrofit Kit

Order Code: SM25841

Description

Venture Lighting's strip light retrofit kit is designed for upgrading existing T8 and T12 fluorescent strip light fixtures. These retrofit kits can be used in storage/utility areas, coves, display cases, shops, task and general area lighting.

Construction

The retrofit kit is powder coated for superior corrosion resistance. These versatile damp and dry rated retrofit kits are supplied with a low glare diffuse lens. The retrofit kit allows for simple upgrading of existing fluorescent fixtures to LED in minutes.

Electrical

Each retrofit kit is provided with 120-277V 50/60 Hz drivers with 0-10V DC dimming as a standard.

Mounting

These retrofit kits are designed for upgrading existing T8 / T12 fluorescent strip light fixtures which are 4.25" or 5.25" wide.

DLC Model# SMR2-35NAF1

Product Performance

Wattage	35W
Lumen Output	4600
Correlated Color Temperature (CCT)	4000K
Color Rendering Index (CRI)	80
Life Hours	50,000
Operating Temperature Range	-4°F to 104°F (-20°C to 40°C)
Replaces Existing Fixture	80W T12 Fluorescent

Physical Characteristics

Fixture Color	White
Width	5.7"
Length	48.0"
Height	2.36"

Electrical Characteristics

Amperage Draw (Input Volts/Amps)	120/0.30 208/0.17 240/0.15 277/0.13
----------------------------------	-------------------------------------

Regulatory Qualifications

cULus Classified

DLC Model# SMR2-35NAF1

Suitable for dry and damp locations

Accessories

PH41623 - Motion only control sensor

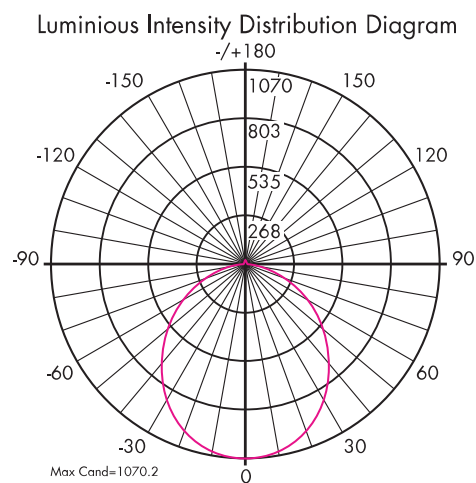

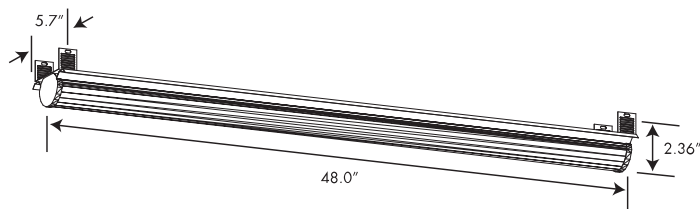

PH77409 - Motion/Photocell/Dim control sensor

LN17722 Replacement lens strip fixture
